OBJECTIVE

Computer Science Engineering student with an AI specialization and practical experience in developing user-focused applications and intelligent solutions. Proven ability to work on real-world projects, collaborate in teams, and apply analytical thinking to build efficient, data-driven software products.

EDUCATION

B.Tech. (Computer Science Engineering) – Artificial Intelligence Offered in collaboration with– IBM

2021–2025

CGPA - (8.13/10)

SHRI VAISHNAV VIDYAPEETH VISHWAVIDYALAYA, INDORE

XII (MP.BOARD) – 84.5%

GOVT. SCHOOL FOR EXCELLENCE, UJJAIN

2021

X (MP.BOARD) – 81.5%

GOVT. SCHOOL FOR EXCELLENCE, UJJAIN

2019

SKILLS

- **Technical Skills** – Python, HTML, CSS, MySql, MS Excel & Data Reporting, Jira, Agile and Scum
- **Project Coordination Skills** – Project Planning, Task Tracking and Coordination, Documentation and Reporting
- **Soft Skills** – Problem Solving, Team Collaboration, Time Management, Leadership

PROJECTS

THE KISAN SEVA APPLICATION

- Developed a mobile application to support farmers by providing **daily weather forecasts** and a **buy–sell platform** for agricultural products.
- Collaborated in a **4-member team**; responsible for **front-end development**, focusing on user-friendly design and smooth navigation.
- Technology Used – Flutter, Dart, Machine Learning, Database

CARTOONIFY AN IMAGE

- It allows users with both the means to capture images and the computational power to perform sophisticated processing on these images.
- Technology Used – Python

INTERNSHIP EXPERIENCE

Project Coordinator | ThinkingBird Creation | Indore, M.P | Jan 2026 – Present

- Planned, coordinated, and monitored project activities to ensure timely completion.
- Created and maintained project timelines, schedules, and task trackers.
- Coordinated with cross-functional teams to ensure smooth project execution.

Project Coordinator | NemaTech Dynamics | Indore, M.P | Sep 2025 – Dec 2025

- Maintained project documentation, reports, and task tracking sheets.
- Identified potential project risks and communicated them to the management team.
- Coordinated with development and design teams to ensure smooth project execution.

Product Associate (intern) | Hotwax Systems | Indore, M.P | May 2025 – July 2025

- Contributed to documentation, testing, and improving product workflows for better user experience.
- Worked with SQL queries to analyze database logs, identify anomalies, and track potential security threats.
- Participated in team meetings and sprint discussions, sharing updates and supporting project tracking.

AllSoft Solution | 24th Jan 2025 – 3rd May 2025 (90 days, Live Online Session)

- Project- Online Payment Fraud Detection
 - Technologies: Python, Pandas, NumPy
 - Worked on detecting fraudulent transactions in online payment systems using data analysis and visualization tools.
-

CERTIFICATION

- Software Defined Networking | Coursera (July 2023)
 - MATLAB - Advanced | Infosys Springboard (Feb 2024)
 - Introduction to Python | IBMCE (April 2024)
 - Cloud Application Developer | IBMCE (May 2024)
-

POSITION OF RESPONSIBILITY

- I'm the part of core team of CSI (Computer Society of India) group of SVVV where I'm the part of technical team where I have organized Kaushal 5.0 a technical event and lead many workshops organized by CSI.
- I'm the part of Rotaract Group of Svvv which is a non-profitable organization works for the welfare of society.
- State-level Gold Medalist in Rhythmic Gymnastics.
